

33-601.105 Restoration of Forfeited Gain Time.

(1) For purposes of this rule, positive overall institutional adjustment means the inmate has adhered to the behavioral objectives referenced in Rules 33-601.101 and 33-601.210, Florida Administrative Code (F.A.C.), and has not received an internal security threat transfer during the review period. The review period for the initial eligibility determination by the classification officer is the preceding 12 months. The review period for the decision of the final approving authority is the entire term of the inmate’s current commitment.

(2) All or any portion of gain time that has been forfeited during an inmate’s current commitment as a result of disciplinary action or revocation of probation, community control, provisional release, supervised community release, conditional medical release, control release, or conditional release is eligible for restoration only when the restoration will produce the same or greater benefits as those derived from the forfeiture. Only those inmates who have established positive overall institutional adjustment during the review period are eligible for consideration of having their gain time restored. Restoration will only be considered when the inmate is serving the portion of his or her sentence that, but for the forfeiture of gain time, would have been completed.

3. The inmate has established positive overall institutional adjustment during the review period.
4. An inmate will not be eligible for restoration of forfeited gain time if the inmate received a felony conviction for an offense that occurred during the inmates current commitment:

(b) An inmate is eligible for restoration of gain time forfeited due to revocation of probation (offenses committed prior to 1/1/94 only), community control (offenses committed prior to 1/1/94 only), provisional release, supervised community release, conditional medical release (violations prior to 5/30/97 only), control release (violations prior to 5/30/97 only), or conditional release (violations prior to 5/30/97 only) only when the inmate was not convicted of a new felony offense for acts that occurred during the period of release. 5. Any inmate who receives restoration of gain time forfeited due to a probation, community control, provisional release, supervised community release, conditional medical release, control release, or conditional release violation will not be eligible for restoration of gain time forfeited due to any subsequent probation, community control, provisional release, supervised community release, conditional medical release, control release, or conditional release violation while serving the community supervision portion of the sentence for the same offense;
