Sentencing Scoresheet Compliance Report

Executive Summary

This report is in fulfillment of 921.002(4)(c) Florida Statutes, which mandates that the Florida Department of Corrections shall, no later than October 1 of each year, provide the Legislature with a sentencing scoresheet compliance report. This report shows the rate of compliance of each judicial circuit in providing sentencing scoresheets to the Department.

On October 1, 2018, the scoresheet process was digitized by the Department. This report reflects the number of scoresheets received and does not match a scoresheet to an admission event. This report only reflects the data received without edits and without attempting to fill in missing data. Further for note; last report period, the Department received 126,797 scoresheets. For this report period, the Department received 92,730 scoresheets. This is a difference of over 34,000 scoresheets.

Included in this report is the following information:

1. Using FY 2018-19 admissions to retrieve data on offenders sentenced between July 1, 2018 through June 30, 2019, to the Department of Corrections as a baseline for comparing scoresheet submissions, a compliance rate is provided for each judicial circuit and county. Admissions include all felons convicted and sentenced to state prison, probation or community control as well as modifications to and revocations of supervision. Scoresheets reported are those received by the Department that are Attested. The statewide rate of compliance for this time-period is 66.4%.
2. For scoresheets received with sentence dates during FY 2018-19 (including those with non-department sanctions), county, circuit and region totals are provided.
3. Circuit and county totals for scoresheets with FY 2018-19 sentence dates are listed according to most severe type of sanction. Of the 92,730 scoresheets received, 21,536 (23.2%) had a state prison sanction, 38,162 (41.2%) received a probation sanction, 5,022 (5.4%) received a community control sanction, 23,300 (25.1%) received a county jail sanction, 4,395 (4.7%) had missing sanction data, and 315 (0.3%) were classified as “other distributions” such as probation termination, etc.

Scoresheets Received Compared with Admissions* to the Department of Corrections by Judicial Circuit

(Scoresheets Received for Offenders Sentenced between July 1, 2018 and June 30, 2019)**

Note: The Scoresheets Total represents all attested scoresheets received by the Department. This does not reflect a one to one match for each scoresheet with an admission event. Approximately 4,395 scoresheets are not calculated in the overall compliance rate due to unclear data. Those with undetermined sanctions are reflected on the sanction related tables and are indicated as "Sanction Undetermined." Admission event is based on a single, most serious sentence imposed event with sentence dates between July 1, 2018 through June 30, 2019. Additionally, there are 68 scoresheets missing judicial circuit data that are not counted in the overall compliance rate.
